# PRESIDENT'S THOUGHTS

by Erik Graybeal  
Illinois PHCC President

## **Greetings to everyone out there.**

I hope everyone is enjoying your summer. Maybe someday it will quit raining. It seems like it rains every other day, making it tough on construction jobs if they are just coming out of the ground.

I would like to express my gratitude for the installation dinner last month. We all had a good time. It was great to have my family there and it was such an honor for me that my dad was able to install me as president.

This month's issue of the Illinois Master Plumber is the annual membership directory. Please keep this as a reference for all of our members. If you need extra copies, you can contact Bev Potts or Shelly Lott at 800-795-7422, or visit the website at [www.ilphcc.com](http://www.ilphcc.com). If you need any new code books, there is an order form available. Bev Potts will also include the new updates with the book.

Membership applications for contractors, associate members and inspectors are also in this issue. If you are not a member, please consider joining. We here at PipeWorks, Inc. have gotten so much from our relationship with the PHCC and feel it has really helped us out.

Also included in this issue, is a list of CEU Classes for the 2015-2016 year. You can register, as

well as pay, for classes through the website.

Connect '15, the PHCC National Convention will be held on September 30 – October 2, 2015 at the Diplomat Hotel in Hollywood, Florida. I attended the convention last year and learned so much from the keynote speakers and the education sessions they offered, as well as the networking events. It was well worth the trip and I will be attending again this year.

Our next Illinois PHCC Board Meeting is scheduled for August 22nd and will be held at the Hilton Garden Inn in O'Fallon. All PHCC members are welcome to attend. I hope to see you there.

# PLUMBING CONTRACTOR REGISTRATION RENEWAL TIME

All plumbing contractors registered with the Illinois Department of Public Health should have received a green renewal post card. Online renewals are preferred and encouraged. Even though you are renewing online, you must still fax, email or mail the insurance and bonds. **Only send those documents by ONE of these methods.** Do NOT email or fax and follow up with a hard copy in the mail. This only causes confusion and delays the process.

Please make sure you look at all the materials carefully and submit your renewal as soon as possible - **DON'T DELAY.** Questions on renewals may be directed to the IDPH Plumbing Program at 217-524-0791 or to dph.plumbing@illinois.gov.

# GoFundMe ACCOUNT STARTED FOR THE JANYS

---

PHCC friends have started a GoFundMe account to help past President Steve Jany through some difficult times.

Steve Jany owner of Jany Plumbing Service Inc., of Chester, Illinois was hospitalized on June 14, 2015 and underwent surgery for a severe bacterial infection in his left leg on June 16, 2015. Steve is out of the hospital, but remains on 24 hour intravenous antibiotic treatment and is unable to bear weight on his left leg. Steve will continue to be out of work for an extended period of time.

Jany Plumbing Service is a one man shop. With Steve unable to work, he and Donna have no source of income.

In addition to no income, they are facing the ongoing expenses of their business and mounting medical bills.

As Steve and Donna have so strongly supported the PHCC Industry for 20+ years, as well as their community, please help us support them during this difficult time in their personal and professional lives. Your generosity is greatly appreciated.

To donate to the Steve Jany Recovery Fund, visit [GoFundMe.com/ybc4874](http://GoFundMe.com/ybc4874).

---

## THANK YOU FROM THE JANYS

---

Donna and I would like to say “Thank You” with the most heartfelt gratitude to all of our PHCC family for all the prayers, cards, emails, baskets and donations. It is when you feel you are at your lowest that your true friends show themselves. Having some of the worry of being out of work for a couple of months with no income and rising medical bills relieved, has helped with the healing both mentally and physically more than you can imagine.

I feel honored to be an active part of the PHCC. I have always tried to uphold my oath of office to the best of my ability. I was honored to be asked to join the executive board as the first person to do a second presidency in the 120 years of the Association. I hope I met all expectations. The presidency and leadership has been passed on to a very capable board.

I lost track of time with several days in the hospital and then recuperating at Paige and Chris’s home.

Thank goodness the kids like mom and dad, otherwise I don’t know what we would have done.

Donna’s payment has been helping Paige, and spoiling Wallace some more. Wallace loves his

grandma Donna.

Being 8 hours from home and unable to do much for yourself is a very humbling experience which I am not used to. Just getting down a short flight of stairs and into a vehicle is an effort on everyone’s part. Paige and Chris have been getting me out of the house every couple of days for fresh air and exercise. With a PICC line in my arm for antibiotics and a pump for the antibiotics, mobility is a very difficult thing. I am getting stronger with each day and able to do a little more. It helps you understand how much you take for granted when you are unable to do something as you did before and you must find another avenue to accomplish your goal.

Watching Wallace explore and figure out new things is very entertaining at times and helps to pass the time. I am amazed at how the new toys teach the little ones.

Again “Thank You” from the bottom of our hearts.

*Steve and Donna Jany*

# AUXILIARY AWARDS SCHOLARSHIP

At the June 2015 Auxiliary & PHCC Installation Event, held at the Stoney Creek Inn in East Peoria, Scholarship Chairman Angela Rich announced this year's scholarship winner.

**Mason Lott** of Pawnee was sponsored by Shelly Lott and received a \$1,000 scholarship. Mason is attending Rose-Hulman Institute of Technology in Terre Haute, Indiana with a major in Mechanical Engineering. Congratulations and Best Wishes to Mason in his future endeavors. 

# ILLINOIS PHCC PAST PRESIDENTS AWARD SCHOLARSHIPS

The Illinois PHCC Past Presidents Club met on June 12th at the Stoney Creek Inn in East Peoria. At the installation dinner that evening, past president John Baethke announced that the Club would be presenting two \$1,000 scholarships. The recipients are:

**Morgan Rich** of Deer Creek, Illinois, was sponsored by Jerry Rich. Morgan will be attending Greenville College in Greenville, Illinois pursuing a degree in digital media.

**Mason Lott** of Pawnee, Illinois is entering his second year at Rose-Hulman Institute of Technology in Terre Haute, Indiana. Mason, who was sponsored by Steve Jany, is majoring in mechanical engineering.

Congratulations and best wishes to Morgan and Mason as they work to reach their educational goals. 

## Little GIANT®

# INLINE 400 PRESSURE BOOSTING SYSTEM

Need a water pressure boost? You can be confident in the reliability of Franklin Electric's proven pump and motor inside a durable product housing to boost city water pressure, pressurize water from a cistern tank, and re-pressurize after filtration or during irrigation. Vertical and horizontal mounting options allow for installation flexibility within the current plumbing configuration.

This innovative, whisper quiet system uses simple flow-based controls to ensure your customers get the water pressure boost they need when they want it.

**Experience Innovation. Experience Franklin.**

# *SEVEN MINUTE SAFETY TRAINER*

## FROM

# FEDERATED INSURANCE

---

The Seven Minute Safety Trainer *powered by BLR®* allows user friendly access to more than 350 safety meeting topics anytime and anywhere as an easy to use mobile application. Federated Insurance is excited to announce this complimentary new service that will provide our contractor clients with effective and efficient employee safety training resources.

Whether using a desktop or a mobile device, controlling your company's risk management culture is made easier by design to give you more convenience when holding your safety training meetings at the business or paper-free right at the job site. The Seven Minute Safety Trainer also allows you the flexibility to manage the training topics while recording the meeting topics and attendees. Besides helping saving you time and money, it can also assist you to meet OSHA's requirements.

Injuries hurt your business, your employees, and their families. Federated clients interested in providing industry-leading safety training can access the Seven

Minute Safety Trainer administration site by logging in to Federated's Shield Network®. Or, they may call our Risk Management Resource Center for assistance at (800)333-4949.

# CONNECT 2015 NEW HORIZONS

Sept. 30-Oct. 2 | Hollywood, FL | Diplomat Resort & Spa

Against breathtaking views of the Atlantic Ocean and the Intracoastal Waterway, set your sights on new regulations, products, services and business management strategies emerging in the p-h-c marketplace. This must-attend conference – the only national event for p-h-c contractors – will put powerful ideas within reach and expand your business boundaries.

## Strategies.

Learn from the best people on how to maximize your resources to expand your own horizons. PHCC CONNECT 2015 **Keynoter Doc Hendley** did just that. Once a bartender in a small town in North Carolina, Hendley turned pouring wine and playing music into a way to help the 1.1 billion people worldwide who lack access to clean water. On Thursday morning, you'll quickly discover why this creator of the Wine to Water Foundation was named one of the Top 10 CNN Heroes.

Plus, tap into one of the best leadership minds in the country: **Carey Lohrenz**, the U.S. Navy's first female F-14 fighter pilot. At the Friday keynote presentation, she'll translate the lessons she learned in one of the most demanding, extreme environments imaginable – the cockpit at Mach 2 – to your business challenges, including market change, customer evolution and the importance of adaptability.

## Solutions.

Dive into an exceptional line-up of **educational programs** designed to provide solid solutions that will help you rise to the top in a sea of competitors. Highlights include:

- **Educational sessions** on topics focusing on leadership, innovation, technology and operations.
- Contractor-led sessions with **face-to-face opportunities** to learn from your peers.
- Service and repair-focused seminars led by **Quality Service Contractors** Business Coach Beth Dobkin.
- **Expanded Apprentices Contests**, featuring both plumbing and – in its third year – HVAC!
- Our Popular Product & Technology Showcase, where you can talk with **experts from a variety of industry partners** about how the latest tools can better serve your needs . . . and the needs of your customers!

**For more information, visit [www.phccweb.org/connect](http://www.phccweb.org/connect), or call 800-533-7694**

## Saving water just got a lot easier and much better looking.

Until now, adding water-saving electronic faucets to any building was a hassle. Electronic faucets are a challenge to install. What's more, performance is inconsistent, maintenance is demanding, the price is too high and, let's be honest, the design leaves something to be desired.

**With EQ, everything is different.** They're easy to install, easy to operate, easy to maintain, and easy on your budget. They're also easy on the eyes with a choice of polished chrome or brushed nickel finishes in three versatile styles.

EQ makes it easier than ever to bring style and water savings to restrooms in offices, retail, sports facilities, and other commercial buildings. Want to learn more? Visit [eqfaucets.com](http://eqfaucets.com) for more information. It doesn't get easier than that.

Download a white paper on the rising cost of water and how doing the little things can really add up.

# HEAT SAFETY TOOL

by U.S. Department of Labor (DOL), Occupational Safety and Health Administration (OSHA)

iPhone

Android  
Market

---

When you're working in the heat, safety comes first. With the OSHA Heat Safety Tool, you have vital safety information available whenever and wherever you need it - right on your mobile phone.

The App allows workers and supervisors to calculate the **heat index** for their worksite, and, based on the heat index, displays a **risk level** to outdoor workers. Then, with a simple "click," you can get reminders about the **protective measures** that should be taken at that risk level to protect workers from heat-related illness-reminders about drinking enough fluids, scheduling rest breaks, planning for and knowing what to do in an emergency, adjusting work operations, gradually building up the workload for new workers, training on heat illness signs and symptoms, and monitoring each other for signs and symptoms of heat-related illness.

Working in full sunlight can increase heat index values by 15 degrees Fahrenheit. Keep this in mind and plan additional precautions for working in these conditions.

The OSHA Heat Tool is available in Spanish for Android and iPhone devices. To access the Spanish version on the iPhone, set the phone language setting to Spanish before downloading the app.

Stay informed and safe in the heat, check your risk level.

For more information about safety while working in the heat, see OSHA's heat illness webpage, including new online guidance about using the heat index to protect workers.

---

# OSHA'S NEW CONFINED SPACES RULE EFFECTIVE AUGUST 3RD

---

On May 1st the Occupational Safety and Health Administration issued a final rule to increase protections for construction workers in confined spaces.

Manholes, crawl spaces, tanks and other confined spaces are not intended for continuous occupancy. They are also difficult to exit in an emergency. People working in confined spaces face life-threatening hazards including toxic substances, electrocutions, explosions and asphyxiation.

Last year, two workers were asphyxiated while repairing leaks in a manhole, the second when he went down to save the first - which is not uncommon in cases of asphyxiation in confined spaces.

“In the construction industry, entering confined spaces is often necessary, but fatalities like these don’t have to happen,” said Secretary of Labor Thomas E. Perez. “This new rule will significantly improve the safety of construction workers who enter confined spaces. In fact, we estimate that it will prevent about 780 serious injuries every year.”

The rule will provide construction workers with protections similar to those manufacturing and general industry workers have had for more than two decades, with some differences tailored to the construction industry. These include requirements to ensure that multiple employers share vital safety information and to continuously monitor hazards - a safety option made possible by technological advances after the manufacturing and general industry standards were created.

“This rule will save lives of construction workers,” said Assistant Secretary of Labor for Occupational Safety and Health Dr. David Michaels. “Unlike most general industry worksites, construction sites are continually evolving, with the number and characteristics of confined spaces changing as work progresses. This rule emphasizes training, continuous worksite evaluation and communication requirements to further protect workers’ safety and health.”

Compliance assistance material and additional information is available on OSHA’s [Confined Spaces in Construction](#) Web page.

**Under the Occupational Safety and Health Act of 1970, employers are responsible for providing safe and healthful workplaces for their employees. OSHA's role is to ensure these conditions for America's working men and women by setting and enforcing standards, and providing training, education and assistance. For more information, visit [www.osha.gov](http://www.osha.gov)**

# LOCAL CODE ORDINANCES APPROVED BY IDPH

The Illinois Department of Public Health Plumbing Program is receiving and reviewing ordinances submitted by local units of government. These ordinances allow municipalities to enforce requirements that are more stringent than the Illinois Plumbing Code. Below is a link to the IDPH website where you will be able to view any Department approved ordinances.

<https://data.illinois.gov/Public-Health/Illinois-Plumbing-Code-Ordinance-Approvals/cup9-8qhc>

# PIPING INDUSTRY CALENDAR

This free on-line calendar covers the piping/plumbing industry with no cost to view or post dates/events. The following organizations have events or meetings posted on the calendar: ASSE, ASPE, Illinois PHCC, IMSCA, MCA-Chicago, MCAA, Midwest Distributors Association, PCA, PAMCANI, and the UAC/NA. Everything from general meetings, annual conferences, continuing education classes to social events are posted on the calendar.

To view the calendar, log on to [www.piccal.org](http://www.piccal.org). or click the link on the Illinois PHCC website. If you know of an entity that you think should be listing their information on the PIC Calendar, contact S.J. Peters or Barb Bigelow at 630-960-3970, or email: [barb@plumbingcouncil.org](mailto:barb@plumbingcouncil.org).

# FREE ADS FOR PHCC MEMBERS

Did you know that as a member service, Illinois PHCC members can place up to two free classified ads per year in the Illinois Master Plumber magazine? The ads can be up to two column inches in size and can be used to advertise employment opportunities or industry items for sale.

Contact the Illinois PHCC office to take advantage of this opportunity to get rid of that excess inventory or unused tools and equipment. You can email Bev ([bev@ilphcc.com](mailto:bev@ilphcc.com)) or Shelly ([shelly@ilphcc.com](mailto:shelly@ilphcc.com)) with your ad, or call the office at 217-522-7219.

# REVISIONS TO THE ILLINOIS PLUMBERS LICENSING, PLUMBING CONTRACTOR REGISTRATION, AND LAWN IRRIGATION REGISTRATION CODES

---

Revisions to the Illinois Plumbers Licensing Code (750 Rules) became effective on September 23, 2014. Included in the changes are mandates for all plumbing inspectors to be certified, as well as fee increases.

Revisions to the Illinois Plumbing Contractor Registration Code (Adm. Code 894) became effective on November 12, 2014. Included in the changes are general language cleanups, and fee increases.

Revisions to the Lawn Irrigation Contractor and Lawn Sprinkler Registration Code (Adm. Code 892) also became effective on November 12, 2014. There were changes in definitions, registration requirements, a section added for Providers of Design and Installation Courses, and increases in fees.

**These documents are included in Illinois Plumbing Code books being sold by the Illinois PHCC. Anyone who purchased a Code book from the Illinois PHCC prior to February 1, 2015, may obtain updates on these licensing documents to put in their books by emailing [bev@ilphcc.com](mailto:bev@ilphcc.com) or [shelly@ilphcc.com](mailto:shelly@ilphcc.com).**

**IMPORTANT:**

You **MUST** bring your Plumbers License with you to the program. Please arrive no later than 30 minutes prior to complete the registration process. Directions are available on our website at [www.ilphcc.com](http://www.ilphcc.com)  
Cancellation Policy: IL PHCC reserves the right to cancel a course due to insufficient enrollment. If we cancel a course, you will be notified and your pre-registration will be refunded to you or you may transfer to another location. There is no refund for any registration not cancelled (10) working days prior to the class. There will be a \$50.00 service charge for any checks returned due to insufficient funds.

*In compliance with the Americans with Disabilities Act of 1990, the Illinois PHCC Association will make all reasonable efforts to accommodate persons with disabilities at its meetings. Please call 217-522-7219 with any special requests.*

---

# ILLINOIS PHCC MEMBER BENEFITS

## Illinois PHCC Mission Statement

*Through a commitment to excellence,  
our Plumbing-Heating-Cooling Contractors  
strive to protect the environment, health,  
welfare, and safety of the residents of Illinois.*

---

**Government Relations:** The need to be heard in Springfield and Washington, DC has never been greater. Our members profit from pro-active legislation that is conducive to good business, and protected from legislative actions that are detrimental to the business climate. At the state level, protection and strengthening of the Illinois Plumbing License Law is one of our top priorities.

**Representation with Regulatory Agencies:** The Illinois PHCC has representatives on many regulatory/advisory boards within state government. This representation provides the plumbing & piping industry with input into the regulatory process and also helps to prevent actions that may be harmful to our industry. Following are some examples of PHCC representation with state agencies:

- Illinois Plumbing Code Advisory Council
- Plumbing Industry AdHoc Committee
- Green Building Advisory Council
- Subcommittee on Building Codes & Regulations
- Lead Poisoning Elimination Advisory Council
- Uniform Building Code Task Force
- Capital Development Board Advisory Board
- IEPA Public Water Supply Rate Board
- Liaison with IDPH Plumbing Program

Liaison with IEPA Cross Connection Program & ERTC

**Representation with Other Industry Groups:** Representatives from the Illinois PHCC are members of and participate in the activities of the Illinois Plumbing Education Association, Illinois Plumbing Inspectors Association, American Society of Plumbing Engineers, American Society of Sanitary Engineering, American Backflow Prevention Association, IAPMO Green Technical Committee, and others.

**Networking Opportunities:** All three levels of the PHCC federation offer great networking opportunities. Conventions, trade shows, local meetings and educational events all provide time to learn from others.

**Education:** Seminars, continuing education, round tables and panel discussions are provided during Illinois PHCC events.

**News:** Keep updated on the latest happenings in the industry via the award winning *Illinois Master Plumber* magazine, PHCC OnLine, The Connection and local newsletters. The Illinois PHCC website, [www.ilphcc.com](http://www.ilphcc.com) is a good source of information and industry links.

**Scholarships:** The Illinois PHCC and the Auxiliary both offer annual scholarships to aid those

wishing to further their education.

**Safety Tape Library:** A lending library of DVDs is available for the use of all members to aid them in safety and risk management presentations to their employees. There is no charge for the use of the materials.

**Industry Promotion:** The Illinois PHCC is always working to promote our industry throughout the state and even the nation. The Plumbing Coalition for Public Health and Safety is just one example of how we work to “get the word out” about licensed, professional plumbers.

**Magnetic Vehicle Signs:** To help contractors comply with Illinois’ construction vehicle lettering requirement, the Illinois PHCC is offering magnetic signs for trucks, vans, and trailers at discounted rates. New members are eligible to receive two signs free of charge.

**Programs to help a contractor’s bottom line:**

**Federated Insurance** offers complete business and health insurance programs that are tailored to our industry. They offer risk management materials and programs at no additional charge to their clients.

**IC Systems** is a debt collection service offered to, and used successfully by Illinois PHCC members.

**PHCC National Discount Programs** offer savings up to 25% on some of a contractor’s regular business expenses. For example, **Aramark** work apparel and uniform services offers a 25% discount to PHCC members; save 10% on all stationary, forms, checks, software, labels and related printed products from **NEBS**

**Business Forms;** free marketing tools and discounted services from **Hudson Ink’s Marketing Tools;** save \$500 when you purchase a new vehicle with the **Chrysler, RAM, Jeep Rebate Offer;** get a free fleet analysis from **Enterprise Fleet Services;** merchant credit card programs and much more. 

**H.R. STEWART, INC.**  
**Heavy Sewer Cleaning & Televising**

- Sewer Jetting – up to 72 inches
- Steerable Mainline Televising – 4 to 72 inch, lengths up to 850 feet
- Push Camera – 3 to 6 inch, lengths up to 500 feet
- Catch Basin Cleaning
- Root Cutting & Destroying
- Air & Mandrel Testing
- Hydro-Excavation
- Municipal Work

Connect with Uponor.

## Connect with a higher level of confidence.

The commercial plumbing and hydronic piping industries are discovering what residential builders have relied upon since 1972 — Uponor, Inc. quality PEX pipe and reliable ProPEX® expansion fittings. With more than 15 billion feet of pipe and over 500 million fittings in service, Uponor has more than proven its powerful properties.

### Uponor Advantages

- Most tested, trusted, listed and code-approved PEX for commercial piping systems
- Cost-effective solution providing faster installs and stable material costs
- Comprehensive offering of pipe, fittings and accessories
- Plenum rated, approved for fire-resistive construction
- Full-service design and technical support
- [Uponorengineering.com](http://Uponorengineering.com) — resource portal for CAD, Specs, Submittals, BIM, LEED®

In fact, the only connection tighter than our ProPEX fitting is the one between Uponor and our partners. Uponor provides the expertise, products and partnership to help you differentiate and build your business.

# STOP floor drain odors before they start with waterless trap protection.

✓ New Construction    ✓ Repair & Retrofit

## 100% SAFE & EFFECTIVE! TRAP PRIMER REPLACEMENT

SureSeal eliminates the need for expensive and failure prone trap primers, yet blocks the emission of noxious sewer gases from backing-up into living or work areas. SureSeal is cost effective, simple to install, and easy to maintain; eliminating complex, time consuming, and expensive repairs when trap primers fail.

**NO PROBLEMS!**

**Fassett Sales**  
**309-663-8451**

### Available in 4 sizes: 2", 3", 3.5" & 4"

- Stops floor drain odors
- Resistant to lime scale and microbiological growth
- Effective alternative to trap primer replacement
- Fast & simple to Install
- No special tools or silicon needed
- Prevents insects from escaping the drain
- No Effective Flow Restriction
- Suitable for both new & retrofit applications
- Eliminate Callbacks
- 10 year Limited Warranty

**Before SureSeal**

**After SureSeal**

### Ideal for use in the following applications:

- Washroom Drains
- Shower Drains
- Basement Drains
- HVAC & Maintenance Areas
- Outdoor Drains
- Condensation Drains
