PRESIDENT'S THOUGHTS

by Kevin Kuhn
Illinois PHCC President

Greetings to all members of our Illinois State PHCC chapter, and please be assured it is my honor and privilege to serve as your incoming President.

By way of introduction, my career as a licensed plumber began when I was accepted as an apprentice and attained journeyman status in the UA Local 319 program, prior to the consolidations that led to the formation of Plumbers & Pipefitters Local 501. I had also earned an Associates' degree from Joliet Junior College in Agricultural Production, which coincided with my original "plan" to take on farming as my occupation. As a second generation plumbing and HVAC contractor along with my brother and business partner Rick, I started full-time in 1988 with the company that our father Richard "Dick" Kuhn had founded: RJ Kuhn Plumbing & Heating. But my pursuit and love of farming continued for nearly three decades, and to this day I (and my family) raise beef cows and continue to grow hay as a primary crop. During my years in public school, along with sports, I enjoyed being in the Industrial Arts program especially Woodworking and Building Trades. I've always enjoyed working with my hands, and with equipment.

RJ Kuhn was taken over by Rick and I in 2012, when our dad retired. We both were grateful and benefited from the lessons taught to us under his direction, and we still seek his advice from time to time. I may never know if my apprenticeship years were actually "tougher" on me than my peers, but that's how I remember it – perhaps because the expectations were higher. But I believe my training was purposely more well-rounded and it allowed me to learn all aspects of our trade along with at least basic knowledge of other trades. Plus having an uncle who was a carpenter, Rick and

A vertical advertisement for Hodes Co. Plumbing Parts. The background is yellow. At the top is a black logo with 'HODES CO' in white and 'PROFFERED PLUMBING PARTS' below it. Underneath the logo is the text 'Family Owned and Operated Since 1943'. The main text in the center reads 'Free Net Priced Full Line Buyers Catalog' in large blue letters, followed by '1-800-777-6500' and 'www.HodesCo.com' in red. Below this is 'Free Same Day Shipping on Over 10,000 Pro Quality Plumbing Parts' in black. At the bottom is 'SIX MONTH PRICE FREEZE' in large blue letters and 'HONOR THY PLUMBER™' in black. On the right side, there are six hexagonal icons with labels: 'Toilet and Tank Repair' (yellow), 'Tubular and Supplies' (blue), 'Valves, Fittings and Pipe Repair' (green), 'Chemicals, Tools, and Utility' (red), 'Faucets and External Trim' (purple), and 'Internal Faucet Repair' (orange).

I also worked and learned with him some growing up. Dad always did a lot of remodeling as part of his business, so this work evolved naturally for us. I have always enjoyed doing more than just one type of trade aspect, to at least be able to know what needs to happen when, during each step of a project. It also helps to be more well rounded and keep life a little more interesting.

Our sister, Tracy, is a partner to Rick and I as well. Appropriately, Tracy manages our “sister” company: Remodeling Pros, LLC. We are grateful for our solid working relationship and the livelihood we share as siblings. This career has been a good fit for me...and for us.

The Associations have always played an important role for our company, first with the Aurora Contractor’s Group, and eventually PAMCANI once Local 501 was formed. Our Dad was always active and would often take us to meetings. To this day, I find it remarkable that I can always learn something new or take away a useful idea through my conversations with fellow contractors. I find that we’re frequently dealing with similar issues or have many of the same questions. Rick has taken a leadership role with the PCA and as a Trustee on the Funds. Now my growing involvement in the IL PHCC has added to our track record of showing support for the contractor community. We all share ideas and work together under the PCA & PHCC “banners.”

Outside of work, my wife Patty and I will celebrate our 29-year anniversary in June. We are the proud adoptive parents of AJ (Alexander-Joseph Allen, 25) who is employed at Award Custom Countertops in Oswego and Elly (Elizabeth-Anne June, 23) who just graduated with a degree in Business Management from the UW Oshkosh and is currently working as General Manager for Jersey Mike’s in Germantown, WI. Patty is also a member of the Illinois PHCC’s Auxiliary, and we both look forward to the exciting year during my term as President. We are very involved with our church, and a group affiliated with the Catholic Church. Our free time is spent with family and friends, because nothing is more important or cherishing for us.

I look forward to seeing my fellow members at the events and meetings coming up. Again, I appreciate your confidence as I embark on serving as your next state chapter President.

-Kevin

KEVIN KUHN INSTALLED AS IL PHCC PRESIDENT

On June 5th Kevin Kuhn was installed as Illinois PHCC President for the coming year. The oath of office was administered by his father Dick Kuhn who was a longtime, active PHCC member until his retirement. Other family members attended the dinner to support Kevin in his new position.

The Kuhn Family: Kevin's brother Rick, sister Tracy, wife Patty, and father Dick.

ILLINOIS PHCC OFFICERS & DIRECTORS INSTALLED

Kevin Kuhn, R.J. Kuhn Plumbing, Heating & Cooling, in Oswego, Illinois was elected President of the Illinois PHCC and installed on June 5th at the DoubleTree Hotel in Bloomington. Other Illinois PHCC officers for the coming year are: Vice President, Tom Mahoney, Little Tommy's Plumbing Shop, Highland Park; Secretary, Anthony Brown, Werner-Nugent Plumbing, Posen; Treasurer, John Baethke, John Baethke & Son Plumbing, Chicago; and President Emeritus Terry McCarthy, Terry Plumbing, Countryside.

Directors serving for the coming year are:

Tammy Rich Stimson, Bloomington/Normal PHCC; Mark Ehret, Great Southwestern Association; Anthony Brown, Rebecca Mendel and Tom Mahoney, PCA of Greater Chicago; Dan Heise, Midwest IL Mechanical Contractors; Randy Grob, Egyptian Association, Brian Rich, Past Presidents; and Brian Yelton, Associate Members.

We would like to thank our PHCC National Zone 3 Director Adam Meny for traveling from Indiana to conduct the installation.

ILLINOIS PHCC AUXILIARY 2025 SERVICE PROJECT

Each year the Illinois Auxiliary has a service project to help others. The benefactor of this year's project is The Baby Fold in Normal, IL. They are a non-profit that has been providing critical services to children and families in need across 28 counties since 1902.

Those coming to the IL PHCC Annual Meeting & Installation Event on June 5th were asked to bring items to support their Foster Care program which provides temporary, loving, safe homes for children. Monetary donations were also received that were combined with a donation from the Auxiliary. On June 5th, a check from the Illinois PHCC Auxiliary for \$1,750 was presented to Sam Guillory from The Baby Fold following her presentation on the background and work of their organization.

The Illinois Auxiliary is able to fund donations such as this with the revenue generated from their Expo Program Book, t-shirt sales, silent auctions, and donations from very generous industry members. Thank you to everyone who donated to this worthy cause.

Illinois Auxiliary President Gail McWilliams presents a check to Sam Guillory of The Baby Fold in front of the items collected at the event.

PLUMBING INDUSTRY EXPERTISE PERSONIFIED

STEVE STICKLER
& JOE HERKOWSKI

2025 INSTALLATION DINNER

PHCC National Zone Director Adam Meny visits with attendees from the Egyptian PHCC. L-R: Adam Meny, Michael McKinnies, Jeri McKinnies, Lori Grob, and Randy Grob.

Gail McWilliams and Shelly Lott register guests and sell 50/50 tickets.

Terry McCarthy receives his past president's award from President Kuhn.

Service Project Donations

Terry & Cathy McCarthy celebrated their 54th Anniversary with a toast at dinner.

AUXILIARY PRESENTS CHECK TO ILLINOIS PHCC

Photo Caption: Auxiliary President Gail McWilliams presents a check to IL PHCC President Terry McCarthy.

At the June 5th Illinois PHCC Installation Dinner, Auxiliary President Gail McWilliams announced that the Auxiliary is donating \$8,000 to the Illinois PHCC for technology upgrades and building maintenance. The Auxiliary raises funds for industry promotion/support, and scholarships through their Expo Program Book, Silent Auctions, and T-shirt sales.

The Association sincerely thanks the Auxiliary for their generous donation and continued support!

SCHOLARSHIP AWARDED

At the IL PHCC Installation Event Auxiliary Scholarship Chairman Gail McWilliams announced this year's **Illinois PHCC Auxiliary** scholarship winner.

Lily Flader of Libertyville, Illinois was the recipient of a \$1,500 scholarship. She will be a sophomore at Michigan State University majoring in nursing. Lily was sponsored by Auxiliary member Joan Flader who is also her grandmother.

Congratulations and best wishes to Lily on her future endeavors.

LEGISLATIVE UPDATE

by Bev Potts

The Spring Session of the 104th Illinois General Assembly adjourned on May 31st after an agreement was reached on a State budget. Legislators will return to Springfield for 6 days next fall for the Veto Session. Following are some of the bills we were tracking this Session, and we had many more on our watch list. Unless bills are listed as passed in both chambers they are considered dead. Ones that passed both chambers must be sent to the Governor within 30 days. He then has 60 days to take action on them. If he takes no action, they automatically become law.

Plumbing/Piping/Trade Related Bills:

HB 1051 (D. VELLA) Amends the Illinois Water Well Construction Code. Provides that the minimum lateral setback distance between a closed-loop well and a storm sewer, sanitary sewer, combined sewer, or any other potential source of contamination is 5 feet. Re-referred to House Rules.

HB 1112 (J. DAVIS) Amends the School Code to allow METT Educator District Licenses for teaching a course in manufacturing, engineering, technology, or a trade (including plumbing) to be issued. Referred to House Rules.

HB 1370 (D. DIDECH) Amends the Environmental Protection Act to provide that after January 1, 2030, no person shall sell in the State a new washing machine for residential or commercial use unless the washing machine contains a microfiber filtration system. This can be an integral filter or an in-line filter. Four amendments were proposed to this bill but it did not progress and was re-referred to House Rules.

HB 3816 (K. DU BUCLET) Same as HB 1370. Referred to House Rules.

HB 1612 (K. BUCKNER) Creates the Illinois Appliance Standards Act. Directs the Illinois EPA to adopt minimum efficiency standards for covered products. Provides for testing, certification, and labeling of covered products. These standards will apply to commercial and residential faucets, water coolers, water heaters, toilets, urinals, showers, irrigation controllers and more. Re-referred to House Rules.

SB 1582 (L. FINE) Same as HB 1612. Referred to Senate Assignments.

HB 1809 (K. STUART) Provides that the Capital Development Board shall establish uniform statewide minimum qualification requirements for code inspectors and shall maintain a statewide registry and certification program. Re-referred to House Rules.

HB 1849 (R. SPAIN) Amends the Energy Efficient Building Act to provide that the term “Code” means the 2021 edition of the ICC’s International Energy Conservation Code (currently, the latest published edition). Referred to House Rules.

HB 2391 (T. MUHL) Would allow wastewater reuse for industrial use in addition to irrigation use that was passed last year. Passed in the House and the Senate.

HB 2710 (M. KELLY) Creates an income tax credit for taxpayers who have an approved NFPA 13D residential fire sprinkler system installed in a new or existing residential dwelling in the State during the taxable year. Re-referred to House Rules.

SB 1709 (R. MARTWICK) Same as HB 2710. Assigned to Senate Revenue Committee.

HB 2952 (E. HERNANDEZ) Amends the Equitable Restrooms Act with regards to baby changing stations. Increases the number of locations where they must be installed. This may affect fixture locations for IAC/ADA compliance. Passed the House and re-referred to the Senate Assignments.

HB 3141 (J. KEICHER) Amends the Environmental Protection Act to provide that, in the case of water main installation projects, all water main-related appurtenances, and specifically fire hydrants and valves, shall be included in the Agency's written approval of specified public water supply plans. Passed the House and Senate.

SB 224 (D. DEWITTE) Same as HB 3141. Passed in the Senate and the House.

SB 1723 (P. FARACI & D. KOEHLER) Prohibits any carbon sequestration activity within a sequestration facility that overlies, underlies, or passes through a sole-source aquifer. Other amendments. Passed in the Senate and in the House.

SB 2307 (R. VENTURA) Creates the Electrician Licensing Act, and also the Building Trades Licensing Task Force. Referred to Senate Assignments.

OTHER CONSTRUCTION/BUSINESS RELATED BILLS:

HB 1224 (W. DAVIS) Creates the State Agency Retainage Act. Provides that a percentage of the payment may be retained; prohibits the amount of retainage from exceeding 10% until 50% complete; other provisions. Amended and passed in the House and the Senate.

HB 1247 (D. VELLA) Amends the Prevailing Wage Act to provide that the definition of "public works" includes sewer inspection projects that utilize a closed-circuit television. Re-referred to House Rules.

HB 2614 (A. NEIMERG) Creates the Universal Recognition of Occupational Licenses Act. Referred to House Rules.

HB 3185 (W. DAVIS) Amends the State Prompt Payment Act to provide that for construction contracts with the CDB, the contractor, subcontractor, or material supplier, regardless of tier, shall not offset, decrease, or diminish payment or payments that are due to its subcontractors or material suppliers without reasonable cause. Re-referred to House Rules.

HB 3762 (E. GONZALEZ) Creates the Workplace Extreme Temperature Safety Act. Provides that the Director of Labor shall adopt rules to establish excessive heat and excessive cold standards. Re-referred to House Rules.

ILLINOIS PHCC BOARD MEETS

The Illinois PHCC Board of Directors met on Friday, June 6th at the DoubleTree Hotel in Bloomington.

The annual Federated Insurance update was given by Evan Powell of Federated. He discussed their Risk Management Academy and safety and risk management tools that are available to all PHCC members. Evan encouraged contractors to use their DriveSAFE Telematics app to help improve employees' driving habits. Packets of helpful information were provided to all attendees.

Reports were heard from the various committees as well as a report on the PHCC National Association from Zone 3 Director Adam Meny.

The next meeting is scheduled for Friday, October 3rd in Bloomington.

Pictured L-R: Tom Gent, Adam Meny, Randy Grob, Tammy Rich Stimson, Bev Potts, Kevin Kuhn, Shelly Lott, Mike Ehret, Anthony Brown, Terry McCarthy, Brian Yelton, and Evan Powell.

IMSCA HOLDS LOBBY DAY

At IMSCA Lobby Day: (from left) Tammy Rich Stimson (GA Rich & Sons); Dan Allen & Jennifer Rice (CISCO); PCA First VP Rick Kuhn (RJ Kuhn); PCA President Kelly Castrogiovanni (TPC); and Ashton Stimson (GA Rich & Sons).

The state capitol was the destination on May 6th for the annual “Lobby Day” of the Illinois Mechanical & Specialty Contractors Association (IMSCA). Attending in Springfield on behalf of the PCA and PHCC were PCA President Kelly Castrogiovanni (TPC), PCA First VP Rick Kuhn (RJ Kuhn), member contractor and IMSCA Treasurer Tammy Rich Stimson (GA Rich & Sons) and daughter/co-worker Ashton, and Executive Director S.J. Peters along with CISCO Executive Director Dan Allen and Communications Director Jennifer Rice. The day opened with a meeting to discuss current legislative matters, a visit by special guest speaker David Sullivan, and the association’s regular meeting to conduct its business. The PCA’s delegation ventured to the state capitol and met with a number of elected representatives including State Senators Cunningham, Lightford and Hastings, among others. IMSCA is comprised of 30+ signatory construction-focused contractors’ associations and it monitors and lobbies for legislation favorable to our members. PCA Executive Director S.J. Peters is IMSCA’s immediate past president. For more information, visit www.imsca.org.

PHCC CONTRACTORS MAKE MAJOR IMPACT DURING 2025 LEGISLATIVE CONFERENCE

The Plumbing-Heating-Cooling Contractors—National Association (PHCC) successfully concluded its 2025 Legislative Conference in Washington, D.C., on May 21, with a day of critical advocacy efforts that will benefit contractors across the country.

More than 100 PHCC members, chapter leaders, and industry stakeholders gathered in the nation's capital from May 20–21 to champion key issues affecting the plumbing, heating, and cooling industry. Attendees met with lawmakers to support federal workforce development programs, defend natural gas as a vital part of the U.S. energy mix, promote consumer choice, and advocate for pro-growth tax policies.

The conference opened with an executive policy forum, a newcomers' briefing for over 20 first-time participants, and a comprehensive legislative update from PHCC's Government Relations Department. Lunchtime honors included a special recognition for long-time PHCC Member Butch McGonegal by PHCC of Virginia. Attendees also heard from former U.S. Congressman Tom Davis, who offered a strategic outlook on the current political landscape.

Industry collaboration was on full display at an evening Capitol Hill reception on May 20, where PHCC members networked with members from the Air-Conditioning, Heating, and Refrigeration Institute (AHRI) and Heating, Air-conditioning & Refrigeration Distributors International (HARDI). Despite inclement weather, PHCC contractors met face-to-face with lawmakers the following day to advocate for policies crucial to the industry.

The conference concluded with a reception that included a visit from Rep. Mark Messmer (R-IN), a second-generation PHCC contractor, who shared insights into ongoing legislative efforts.

Handling Hazard Communication At Your Business

A key part of workplace safety involves [hazard communication](#) training to help your employees identify, use, and store any hazardous materials they may work with. This communication can help your workforce understand vital information on these materials. It can also inform on protective measures to avoid dangerous exposures.

Following the Hazard Communication Standard (HCS)

The [OSHA HCS](#) requires that information about hazardous chemicals should be [available and understandable to all employees](#). If hazardous chemicals are used at your business, you must provide hazard classification, labels, Safety Data Sheets (SDS), and employee training.¹ Consider the following:

- **Establish a Hazard Communication Policy:** Consider developing a written policy detailing how your organization plans to manage hazard communication. Have this available for employees to access.
- **Identify Hazardous Substances:** Compile a detailed inventory of all hazardous materials and chemicals within your workplace. Store this information close to where materials are located for easy access. Ensure each one has an up-to-date SDS for employees to reference information on proper handling and storage.
- **Label Containers Correctly:** Every container holding hazardous chemicals should feature a clear, OSHA-compliant label. Make sure the label includes the product name, hazard classifications, signal words (e.g., "Danger" or "Warning"), and precautionary statements.
- **Use Appropriate Pictograms and Warnings:** Post visual indicators, such as OSHA-approved pictograms, to simplify hazard awareness at a glance. These cues can help employees quickly recognize potential risks.
- **Train Employees Thoroughly:** All staff should receive regular hazard communication training tailored to their job roles. Include how to read SDS, interpret labels, and take [precautionary actions](#).
- **Conduct Regular Audits and Updates:** Review and update your [hazard communication program](#) regularly and replace missing or outdated SDS.

Looking to learn more about hazard communication or access helpful resources? [Reach out to your local Federated Insurance® marketing representative](#) today for more information.

CDB's Project Management Training for Contractors

The Capital Development Board (CDB) is conducting workshops for contractors of CDB projects. The training format enables the participants to gain hands-on knowledge of CDB documents and procedures.

Learn about CDB procedures, project documentation and reporting. Learn practical principles to keep your project on time. These workshops are offered at no charge to attendees.

This workshop is required for all firms prequalifying with CDB. The Capital Development Board expects contractor representatives to participate in this training. This Webinar is also open to any firm that desires to learn more about CDB and our project procedures.

Agenda Items

- Overview of the Capitol Development Board
- Prequalification
- Bid Advertisements and Bidding Process
- Diversity Contracting Unit's Responsibilities of Contractor
- IL Works Apprenticeship Program
- Project Delivery Methods
- Blue Ribbon Tools
- Standard Documents of Construction Review
- Change Order Packages
- Substantial Completion, Final Acceptance, and 9-month Inspection
- Time & Materials
- Vendor Voucher Payment Search

Contractor Training Schedule and Registration

This Webinar Series consists of two, half-day training sessions.

Tuesday, June 24th, 2025, beginning at 1:00 PM

Thursday, June 26th, 2025, beginning at 1:00 PM

IT'S YOUR LIFE

Disability Insurance: Preparing for the Unexpected

Have you thought about what would happen to your business if you weren't able to lead because of illness, injury, or unplanned events? Many owners may hope that their business can be managed in their absence. But without a plan in place, the reality could be a different story.

Consider the Following Scenarios:

Belief: [Key team members](#) can handle it all on their own.

Reality: Relying on others without a clear plan can lead to operational or financial strain. Team members might lack the authority, expertise, or resources to steer the business effectively.

Belief: I can sell my business if I have to.

Reality: Selling a business can take time, possibly months or years. During financial or personal hardships, you may not receive the [full value](#) of your business.

Belief: If something unexpected happens, I'll deal with it when the time comes.

Reality: Emergency decision-making often leads to rushed choices. Without preparation, you risk losing the stability you've worked hard to build.

When it comes to [planning for the future](#), understanding what to prepare for could help keep things flowing smoothly for your business, employees, and family. A sound [business continuation plan](#) can create support so unexpected events are less likely to disrupt your operations or livelihood.

To learn more about the importance of [disability insurance](#), talk to your [Federated Insurance® marketing representative](#) for a referral from Federated's network of independent business succession and estate planning attorneys.
